

# **SOUTH SIDE** **ON LAMAR**

The South Side on Lamar Artist Quarter Program creates a unique atmosphere where artists are able to create, be inspired and engage in their community. Artists are provided a space both literally and figuratively in which to create new work while interacting with other artists of diverse backgrounds as well as the community at large.

By allowing the community to witness their creative process, everyone benefits. It's an environment rich in stimulation and fellowship.

## **GUIDELINES FOR SOUTH SIDE ARTIST PROGRAM**

South Side on Lamar is always accepting portfolios for consideration in the Artist Program. All artists in the program are provided with 800 to 1100 sq. ft. of studio/living space furnished with basic appliances for 6 months to 1 year. These artists engage in their community by participating in workshops, exhibitions, performances, fashion and trunk shows at South Side on Lamar to name a few. There are ten studios in the Artist Program located on the 1<sup>st</sup> floor of South Side on Lamar with a small gallery space in the front portion and living quarters behind if needed.

If you are interested in a space in the Artist Program, please submit a portfolio containing a sample of your work. If you are a performing artist, a video or CD is acceptable. An artist statement and resume must accompany your portfolio, this should include your history as an artist and what you would hope to accomplish in the program as well as contribute to the community. The portfolios received will then be placed in a pool of portfolios, which are reviewed upon studio availability by a committee. Once the selection is made you will be notified. Submitting a portfolio does not guarantee a space in the Program.
